Responses to the Attorney General's Third Set of Information Requests**

Request No. AG-3-2 (Electric)

Please explain the relationship between your proposed Internal Transmission charge and Local Network Service.

Response:

In this filing, FG&E's Electric Division is not proposing any changes to its Internal Transmission Charge. In accordance with FG&E's tariff, M.D.T.E. No. 44, the Internal Transmission charge recovers the charges under FG&E's FERC-approved Open Access Transmission Tariff and b) FG&E's Pool Transmission Facilities revenue requirement as included in NEPOOL's Open Access Transmission Tariff. The service provided under FG&E's Open Access Transmission Tariff is considered Local Network Service.
